REPORT OF TRUSTEES OF TOWN LIBRARIES
LIBRARIAN'S REPORT

Since the opening of the new library building on August 31st, 1939 there have been many hours generously contributed to help in getting the new system established.

It seemed advisable at this time to revise our system to coincide with those used throughout the state and especially by those libraries which came into existence by the aid of the New Hampshire Library Commission, as is the case of the Chesterfield Public Library.

Perhaps some do not know and many have forgotten that the library was organized in 1894.

The present group of trustees and the librarians (except for Mrs. Amidon of West Chesterfield) are all new in this undertaking so perhaps we have been slow in showing much change or improvement but it is our aim to get all of the books sorted and re-catalogued so that more frequent exchanges and better service will be possible.

We shall be interested to receive suggestions and your choice of new books will be appreciated altho' we may not be able to comply with all requests because the book budget is limited.

There are some changes in library rules this year, some are here-in mentioned.

Loan period is for two weeks and may be renewed for two weeks.

Fines are five cents per week for over-due books.

One new book to each patron and not over six books at one time.

159 books were purchased in November and were catalogued and 50 sent to each branch library. At least half of these were books for the juvenile department.

Seventy-two books were purchased in February but these will not be ready for circulation until later, because of so much work to be done on the books from the Spofford branch.

It is the plan of the trustees to return the Albert Field books to the Spofford branch as soon as possible after a permanent location has been obtained.

Because of the various changes it is impossible to give an accurate book inventory or circulation this year.

Respectfully submitted,
SUSIE MORRIS,
Librarian.

REPORT OF THE BOARD OF HEALTH

The year 1939 has been a year of much activity as well as a very expensive one, living conditions in several camps have been improved, some sewage near Spofford lake has been improved, and more has to be changed, many dead animals thrown from vehicles into the highway have been taken care of including calves, cats and dogs. Any information leading to people doing this will be appreciated. One man was found dead in the woods from natural causes.

Some cleaning and improving was done on the canal at outlet of lake, a bad odor still exists there in the summer. There have been several cases of chicken pox in town and at present there are two cases of scarlet fever under quarantine.

We have several cases of veneral disease under treatment which the town is bound by law to pay for. Anyone knowing of such cases should report them to the Health Officer or local Board of Health. 29 licenses to sell milk, 9 of which were issued to buy and sell milk at $2.00 each as follows: C. J. Fossey, Byron Davis, William Manch, Harry Nosek, George LaPlante, John Redding, Henry Chickering, Ora Underwood, Windham County Co-operative Milk Plant, Brattleboro Vt.

Several water samples were taken and sent to Concord, N. H., for analysis.

Respectfully submitted,

HAROLD E. RANDALL,

Health Officer.

Chesterfield, N. H.

Gentlemen:

We, the undersigned, hereby certify that we have examined the accounts of the Selectmen, Town Clerk, Town Treasurer, Road Agents, Tax Collector, Library Trustees, Precinct Treasurer, Trustees of Trust Funds, and Old Home Day.

We believe them well kept, properly vouched, and correct to the best of our knowledge and belief with the exceptions of the following items:

Owed to the Town by George S. White, .40 (forty cents).

Owed to Spofford Garage Inc., by the Town $2.00 (two dollars). Error on invoice.

The Trustees of Trust Funds handled the expenditure of $2.00 which was not received as a direct income from any Trust Fund. This transaction should not have been listed in their report.

Owed to the accounts of Trustees of Libraries by A. H. Post .01 (one cent). Overpayed his invoice.

Owed to the accounts of the Trustees of Libraries by G. H. Tilden & Co., .10 (ten cents). Error on invoice.

We find that the total amount expended under Fire Departments should be $543.64 instead of $523.64 as reported. The total amount expended under County Poor should be $198.16 instead of $218.16 as reported. This is due to an error on the Selectmen's orders.

We recommend that all payments for snow removal and road maintenance be made through road agents payroll sheets.

Signed,
DANIEL P. SCHLICHTING,
HAROLD E. RANDALL,
Town Auditors.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chesterfield:

I herein submit my seventh annual report as superintendent of schools.

The American system of public schools is today facing the greatest challenge of a century in the scholastic training of its youth during the formative period of life.

For half a century, to my knowledge, we have heard echoing down the stream of education the slogan "Back to the Fundamentals."

Admitting that this slogan has laid a firm foundation for our educational structure and also that it is highly essential today, yet we note in the rapidly changing conditions of the world, greater emphases must be placed on the preservation of American institutions.

Indeed, our pupils must drink more deeply and more freely from the fountain heads of Liberty and Freedom, viz. the Bill of Rights and Magna Charta of English history and from our own Constitution.

It may be true that the pupils under a dictatorship are as well trained in so-called fundamentals but they do lack the major part of that education which is needed for citizenship under our form of government. Democracy's slogan is onward

to the most helpful conditions of living for the masses and of opportunities for participation in a democratic society. The founders of our republic believed education essential to the success of democracy. The experience of a century and a half in representative government confirms that belief so strongly that we may say without fear of contradiction that "Our public schools are our first line of defense"; "Our education is the bulwark of the citadel of Liberty."

When the cataclysm of arms in Europe has spent itself and we approach the world-wide renaissance of modern living, we must have our leaders prepared. They must be endowed with the highest type of citizenry, a type which implies the closest cooperation, supplementation and coordination of three vital elements of society, viz. the school, the home and the church.

History tells us that in all great emergencies the great bulk of leaders come from rural sections of the country. Let us hope that Chesterfield may furnish its quota.
